ADDITIONAL BENEFITS:

Every EV-Assure plan includes additional benefits to help you beyond repairing the vehicle. Whether you are stranded on the side of the road, or need to get around while your vehicle is in the shop, We are here for you.

24 Hour Roadside Assistance:
If your vehicle is broken down or you are stranded, 24 hour roadside assistance is included in your coverage for towing and lock out services.
See contract for details.

Rental Benefit:
While your vehicle is in the shop, you will be reimbursed \$50 per day for up to 5 days to cover your rental car.
See contract for details.

Limp Along Coverage:
If your vehicle is broken down due to a dead battery, a service will come to your location and charge your battery enough to drive 20 miles.
*See contract for details.
Subject to availability.*

EV-ASSURE

OUR PLANS COVER YOUR VEHICLE'S ADVANCED TECHNOLOGIES

RECYCLING EV BATTERIES:

Our EV battery recycling program is critical to sustainability

We have established a long-term partnership with OZOP & Cirba Solutions, the leading provider of battery management and materials processing services for end-of-life batteries and gigafactory manufacturing scrap. With this strategic alliance, We are now able to offer a comprehensive battery recycling program to an extensive network across the nation. This program includes the prompt pick-up and removal of EV batteries within the 15-day EPA regulation window, ensuring compliance with all relevant environmental regulations. We are committed to providing a sustainable solution to the challenges of battery disposal, while helping to further grow the EV Market for future generations.

ANSWERS FAQs:

"Range anxiety is my number one fear, I don't want to be stuck on the side of the road without power."
EV-Assure offers 24-hour roadside assistance with towing, as well as road side charging in select cities to give you the charge you need to get to your closest charging station. Roadside assistance will tow the customer to a charging station.

"My existing Manufacturer's warranty does not cover rough road or other damage from potholes etc."
EV-Assure Extended Warranty includes Road Hazard Coverage. If the vehicle or battery is damaged as a result of hazardous roads, we've got it covered!

"What happens if my EV Battery fails?"
The cost of replacing an electric vehicle (EV) battery can be as high as \$30,000. With the EV-Assure EV VSC, you can have peace of mind knowing that your battery is covered in case of failure, and the old battery will be picked up and removed according to EPA regulations through their National EV Battery Recycling Program.

"My battery doesnt get the same mileage on a full charge as it did when I first bought it."
EV-Assure covers battery degradation starting at 70% on new or pre-owned vehicles as long as battery has above 80% of original range upon purchase.

COVERAGE DETAILS:

Any part that experiences a Breakdown during the contract term, except for any other parts specifically excluded in this Contract and/or listed in the What is Not Covered section of this Contract. Coverage provides payment/reimbursement for Costs authorized to repair or replace parts/components that experience a breakdown, less your deductible amount, in accordance with all terms and conditions of this contract. Coverage for seals and gaskets is included ONLY in conjunction with a covered repair and cannot be the cause of the breakdown.

All components are covered **EXCEPT** those listed:

- Any component listed in the section entitled "what is not covered"

 - Any equipment when not installed by the manufacturer
 - Anti-theft systems
 - Body panels
 - Bolts/nuts/fasteners unless needed in conjunction with a covered repair.
 - Brake lining & brake pads
 - Coolant hoses & belts
 - Drums & rotors except when damaged by a covered part
 - Glass & any treatments or chemicals related to any glass
 - Lenses
 - Light bulbs, halogen bulbs or H.I.D diodes
 - Moldings/weather-strips
